Introduction

This is an important document in relation to your investment in the FSSA (NZ) Managed Investment Scheme (**Scheme**) and should be read together with the Product Disclosure Statement (**PDS**), the Statement of Investment Policy and Objectives (**SIPO**) and other documents held on the register at www.companiesoffice.govt.nz/disclose (**Disclose Register**). If you are a retail investor, you must be given a copy of the latest PDS before we can accept your application for units.

This Other Material Information document (**Document**) has been prepared to meet the requirements of section 57(1)(b)(ii) of the Financial Markets Conduct Act 2013 (**FMC Act**) and clause 52 of Schedule 4 of the Financial Markets Conduct Regulations 2014 (**FMC Regulations**). All legislation referred to in this Document can be viewed at www.legislation.govt.nz.

In this Document, 'you' or 'your' refers to a person or entity that invests in the FSSA Global Emerging Markets Focus Fund (the **Fund**), whether directly or through a wrap platform or similar administration and custodial service. If you hold units through a wrap platform or similar administration and custodial service, please refer to the 'Investing through administration and custodial services' section. In these circumstances, the investor is the wrap platform, and references to 'you' or 'your' are to the wrap platform. 'We', 'us', 'our', 'Manager' or 'FundRock' refers to FundRock NZ Limited as the manager of the Scheme. When we use the word 'current' or 'currently' in relation to any legislation, regulation, policy, information, activity or practice, we refer to these at the date of this Document. Any legislation, regulation, policy, information, activity or practice may be reviewed or changed without us notifying you.

Capitalised terms have the same meaning as in the First Sentier Investors (NZ) Managed Investment Schemes Trust Deed (**Trust Deed**), unless they are otherwise defined in this Document.

Other information on the Fund

This Document relates to the offer of units in the Fund.

The Fund is constituted within a managed investment scheme called the FSSA (NZ) Managed Investment Scheme, registered scheme number SCH13295. The Scheme is governed by the First Sentier Investors (NZ) Managed Investment Schemes Trust Deed dated 15 April 2021, and a Scheme and Fund Establishment Deed dated 15 September 2021 (together the **Governing Document** for the Scheme). The Fund is invested in accordance with its SIPO. You can get an electronic copy of the Governing Document and SIPO from the scheme register on the Disclose Register www.companiesoffice.govt.nz/disclose.

Investing through administration and custodial services

The Fund is offered through certain administration and custodial services. These include 'wrap platforms'. When you invest through an administration and custodial service you do not hold units in the Fund directly. Instead, your units are held in the name of a custodial entity for the wrap platform on your behalf. This means many of the legal rights attaching to those units are held by that custodial entity rather than by you, and so your ability to exercise those rights is subject to the terms and conditions agreed between you and the provider of the service. You are encouraged to familiarise yourself with those terms and conditions as set out in service provider's marketing and legal documentation.

Other information on the parties involved

Manager

FundRock is a fund management company specialising in establishing and managing New Zealand-domiciled funds. With a deep understanding of New Zealand's investment management industry, FundRock works with both local and global investment managers to enable investors to access these specialist managers' investment expertise within funds and solutions that have been tailored for New Zealand's tax and legislative environment.

FundRock was granted a licence to act as the manager of a registered scheme under the FMC Act by the Financial Markets Authority (**FMA**) on 25 August 2015. The licence is subject to us maintaining the same or better standard of capability, governance and compliance as was the case when the FMA assessed our licence application. The licence is subject to the normal conditions imposed under the FMC Act and the FMC Regulations, and the standard conditions imposed by the FMA.

The names and contact details for directors and information on the shareholders of FundRock are available at www.companiesoffice.govt.nz/companies. This information may change from time to time without notice to you.

Investment Manager

First Sentier Investors (Australia) IM Ltd (**First Sentier Investors** or **Investment Manager**) has been appointed as Investment Manager for the Fund. In turn, the Investment Manager may sub-delegate any of its duties, responsibilities, functions or powers to manage the assets of the Fund to one or more affiliates within First Sentier Group. As at the date of this Document, investment management responsibilities are undertaken by FSSA Investment Managers (**FSSA**), who are an affiliate investment team within First Sentier Group. See the PDS and SIPO for more information on First Sentier Investors and FSSA.

Supervisor

The Supervisor of the Scheme is Public Trust. Public Trust is independent of us.

Public Trust is a statutory corporation and Crown entity established and constituted in New Zealand on 1 March 2002 under the Public Trust Act 2001.

The Supervisor is responsible for supervision of FundRock and the Scheme, including:

- acting on behalf of the Fund's unitholders in relation to FundRock and any contravention of FundRock's issuer obligations;
- supervising the performance by FundRock of its functions and the financial position of FundRock and the Scheme; and
- holding the Fund's assets or ensuring that the assets are held in accordance with applicable legislative requirements.

The Supervisor was granted a licence under section 16(1) of the Financial Markets Supervisors Act 2011 to act as a supervisor in respect of managed funds.

Custodian

BNP Paribas Fund Services Australasia Pty Limited (**BNP**) is the Custodian of the assets of the Fund. Assets of the Fund may be registered in the name of BNP Paribas Nominees (NZ) Limited, a subsidiary of the Custodian.

As required by the FMC Act, the Custodian is independent of us.

Administration Manager

FundRock has appointed BNP as the administration manager for the Scheme. Key roles undertaken by BNP include:

- unit pricing; and
- fund accounting.

Registry Manager

FundRock has appointed Apex Investment Administration (NZ) Limited (**Apex NZ**) to provide registry services to the Scheme.

Other

Other key parties currently employed by FundRock are:

Party	Role
PricewaterhouseCoopers	Auditor
DLA Piper New Zealand	Legal adviser

Manager and Supervisor's Indemnity

Both we and the Supervisor are entitled to be indemnified out of the Scheme.

The indemnity covers losses, costs, and expenses incurred by us and the Supervisor in performing any of their duties or exercising any of their respective powers in relation to the Scheme pursuant to the Trust Deed. The indemnity also covers all actions, proceedings, costs, claims and demands in respect of any matter or thing relating to the Scheme, including all actions or omissions in relation to the offer and issue of units.

We and the Supervisor shall not be personally responsible for any loss or damage resulting from any act, omission, neglect, mistake or default in relation to the Scheme.

The indemnity ranks in priority to the claims of unitholders. It is subject to the limits on permitted indemnities under the FMC Act which only make the indemnity available in relation to the proper performance of the duties under the FMC Act.

Material contracts

The following material contracts are in place in relation to the Scheme:

- On 20 June 2013, First State Investments (NZ) Limited and Public Trust entered into the First State Investments (NZ) Wholesale Trusts Trust Deed, which established the First State Investments Global Listed Infrastructure Fund.
- On 10 August 2018, we, Public Trust and First State Investments (NZ) Limited entered into a Deed of Retirement and Appointment, which saw First State Investments (NZ) Limited retire as manager under the First State Investments (NZ) Wholesale Trusts Trust Deed and FundRock appointed as replacement manager.
- On 22 September 2020, we and Public Trust entered into a supplemental deed to the First State Investments (NZ) Wholesale Trusts Trust Deed, renaming it the First Sentier Investors (NZ) Wholesale Trusts Trust Deed.
- On 15 April 2021, we and Public Trust entered into a deed of amendment to the First Sentier Investors (NZ) Wholesale Trusts Trust Deed, renaming it the First Sentier Investors (NZ) Managed Investment Schemes Trust Deed. The amendment enabled the First Sentier Investors (NZ) Managed Investment Schemes Trust Deed to be suitable for offers registered under the FMC Act.
- On 15 September 2021, we and Public Trust entered into the Establishment Deed: Stewart Investors (NZ) Managed Investment Scheme and Stewart Investors Worldwide Leaders Fund. The deed established the Scheme and the Fund.
- On 2 June 2023, we entered into a Supervisor Reporting Agreement with the Supervisor that sets out the arrangements between us and the Supervisor in relation to certain operational matters relating to the Fund. The Supervisor Reporting Agreement specifies the reporting and information to be provided by us to the Supervisor, the requirements for operating the Funds' bank accounts and record-keeping. Nothing in the Supervisor Reporting Agreement limits or alters the powers of the Supervisor or our duties under the Trust Deed and applicable law. On 27 May 2022, the Supervisor Reporting Agreement was updated to include the Fund
- On 1 December 2016, we and BNP Paribas Fund Services Australasia Pty Ltd entered into an Administration Agreement under which FundRock delegated certain administrative functions in relation to certain funds to BNP, including fund accounting and unit pricing. On 1 December 2021, BNP and FundRock updated the current agreements to include the Fund.
- On 26 August 2016, we and Apex NZ entered into an Administration Agreement under which we delegated certain administrative functions in relation to certain funds to Apex NZ, including registry, fund accounting and unit pricing. On 20 January 2022, Apex NZ and FundRock updated the current agreement to include Apex NZ's provision of registry services to the Fund.
- On 10 August 2018, we entered into an Investment Management Agreement with Colonial First State Asset Management (Australia) Limited. This agreement was amended with effect from 15 April 2021 to reflect the change in company name for the investment manager to First Sentier Investors (Australia) IM Ltd. Under the agreement, First Sentier Investors is responsible for investment of assets of the Fund under normal market terms. On 17 September 2021, First Sentier Investors and FundRock updated the current agreement to include the Scheme and the Fund. On 31 October 2025, First Sentier Investors and FundRock updated the agreement to reflect the Fund name change from Stewart Investors Worldwide Leaders Sustainability Fund to Stewart Investors Worldwide Leaders Fund. On 2 June 2026, First Sentier Investors and FundRock updated the current agreement to reflect the Scheme change from Stewart Investors (NZ) Managed Investment Scheme to FSSA (NZ) Managed Investment Scheme, Fund name change from Stewart Investors Worldwide Leaders Fund to FSSA Global Emerging Markets Focus Fund and the changed investment mandate.
- On 10 August 2018, we entered into a Fund Hosting Agreement with Colonial First State Asset Management (Australia) Limited. This agreement was amended with effect from 15 April 2021 to reflect the change in company name for the investment manager to First Sentier Investors (Australia) IM Ltd, and formalises the framework within which FundRock is engaged by First Sentier Investors to establish and manage the schemes established under the First Sentier Investors (NZ) Managed Investment Schemes Trust Deed. Under this agreement FundRock is responsible for issuing, administering, and managing the Scheme, with First Sentier Investors being appointed as the investment manager and distributor of the Fund. The agreement covers broadly the investment management, administration and distribution of the Scheme and the Fund, branding, advertising and the preparation of offer documents. On 17 September 2021, First Sentier Investors and FundRock updated the current agreement to include the Scheme and the Fund, and to reflect First Sentier Investors' role as investment manager and distributor of the Scheme and the Fund. On 31 October 2025, First Sentier Investors and FundRock updated the agreement to reflect the Fund name change from Stewart Investors Worldwide Leaders Sustainability Fund to Stewart Investors Worldwide Leaders Fund. On 2 June 2026, First Sentier Investors and FundRock updated

the current agreement to reflect the Scheme name change from Stewart Investors (NZ) Managed Investment Scheme to FSSA (NZ) Managed Investment Scheme and Fund name change from Stewart Investors Worldwide Leaders Fund to FSSA Global Emerging Markets Focus Fund.

Disclosure of interests

Investments in the Fund by related parties

Parties related to the Fund, including the staff and families of all parties listed in the 'Other information on the parties involved' section, may from time to time invest in the Fund.

Apex Investments Administration (NZ) Limited

Both we, and the Scheme's registry manager, Apex Investment Administration (NZ) Limited, are ultimately owned by Apex Group Limited. This common ownership may influence us to agree commercial terms with Apex NZ that are more favourable to Apex NZ than would otherwise be the case. If that happened, it would benefit the interests of Apex NZ at the expense of the interests of unitholders. We manage this potential conflict of interest by certifying to the Supervisor that the arrangement with Apex NZ is on arms' length commercial terms and by complying with our Conflicts of Interest Policy in respect of our relationship with Apex NZ.

Management of conflicts of interest

The FMC Act imposes statutory controls on related party transactions and conflicts of interest:

- A related party transaction in respect of the Fund may only be done if the details are notified to the Supervisor and we: 1) certify the transaction (or series of transactions) is 'permitted' on the basis that the transaction is on arm's length terms, or 2) we obtain the Supervisor's consent on the basis that it is in the best interests of unitholders, or contingent on Special Resolution approval by unitholders.
- As Manager of the Fund, we are subject to various statutory duties in the performance of our duties as manager, including the requirement to act honestly and in the best interests of unitholders.
- Where we contract out our functions to other parties, such as the investment management of the Fund to First Sentier Investors, we must ensure the persons to whom we contract those functions perform them to the same standard and are subject to the same duties and restrictions as if we were performing them ourselves. These include the statutory duties referred to above. We must also monitor the performance of that function.
- First Sentier Investors, as Investment Manager of the Fund, must comply with a professional standard of care i.e. in exercising any powers, or performing any duties as investment manager, they must exercise the care, diligence, and skill that a prudent person engaged in the profession of investment management would exercise in the same circumstances.

We have built these statutory controls into our internal compliance processes and procedures. We also have conflicts of interest and related party transactions policies and procedures (**Policies**) which extend the statutory duties imposed on us to our staff members.

The Policies define what a conflict of interest is and provides for reporting and disclosure of conflicts of interest to the Board, Manager and Directors.

Explanation of key terms

The information below is a summary of the key provisions of the Governing Document. For a detailed description of the Fund's governing terms, please refer to the Governing Document held on the scheme register at www.companiesoffice.govt.nz/disclose (**Disclose Register**). If there is any conflict between information in this Other Material Information document and the terms of the Governing Document then the terms of the Governing Document prevail.

Applications

Making an application

The application process is described in the PDS.

Issue price

If we accept your application, you will be issued units in the Fund at the issue price. The issue price is the net asset value per unit in the Fund, plus an amount per unit calculated to reflect the cost of acquiring investments following the issue of units (**buy spread**) and other administrative costs relating to the sale or issue of units. For the current buy spreads for the Fund see www.fundrock.com/fundrock-new-zealand/frnz-documents-and-reporting/. The issue price of a unit is generally determined on each business day (**Valuation Date**).

The value of the assets held by the Scheme and the net asset value of the Fund will be determined in accordance with the Scheme's Governing Document and on a consistently applied basis.

If a payment is dishonoured or reversed, no units will be issued in respect of that payment or any units issued based on that payment will be cancelled.

Charges

Buy/sell spreads

The issue price includes a buy spread that provides for the cost of acquiring investments for the Fund. The withdrawal price includes a sell spread that provides for the cost of realising investments for the Fund. For the most up to date buy/sell spreads see www.fundrock.com/fundrock-new-zealand/frnz-documents-and-reporting/.

We review the buy/sell spreads from time to time.

Annual fund charges

The annual fund charges (which includes any management fees) are outlined in the PDS for the Fund. The annual fund charges include fees and costs charged by us, the supervisor, custodian, administrator, investment manager, registrar and auditor. It may also include professional fees (for example for legal and tax advice) and index license costs. These charges may be directly charged to the Fund, or recovered by us from the Fund.

The GST treatment of each of these components varies. For example, GST is charged at 15% on the audit fee, while custody fees are an exempt supply for the purposes of GST. The percentages of these fee components within the annual fund charges vary, and may change in the future, which is why the aggregate amount of GST needs to be estimated in the PDS. The GST estimate is based on the GST charged on the assumed fee amounts of each component within the annual fund charges.

The annual fund charges are calculated daily and paid monthly in arrears. We may waive or decrease the annual fund charges without notice. Subject to any maximum amount in the PDS we may increase the management fee, or provided that any such fee is permitted, we may charge an additional fee not currently being charged by giving you at least three months' notice.

The annual fund charges above include any investment management fees deducted within an underlying fund or paid to an underlying investment manager.

Manager's termination fees

If the Fund terminates, we may charge the Fund a fee and recover costs and disbursements from the Fund for matters relating to termination. You may ask us how much that fee was following termination. Further information on termination fees recoverable by the Manager or Supervisor are contained in the Governing Document.

Other charges

The Fund may incur other expenses, such as trading costs or extraordinary expenses. These other expenses do not form part of the fund charges but are reflected in the fund's unit price and, consequently, affect its performance. Some of these expenses may be paid to us or the Administration Manager. There is no limit on these expenses, which will be shown in the Fund's financial statements.

Supervisor's other fees

The Supervisor may charge additional fees to the Fund for special services (e.g., on wind up of the Fund).

Initial service fee

While we have no current intention to do so, we may charge an initial service fee determined by us on the issue of any unit. Any initial service fee, if it were to be charged, would be in addition to any buy spread.

Variation to fees

We may, in our absolute discretion, rebate the buy and sell spread and/or Fund charges (which includes management fees) by agreement, with a unitholder, or a group of unitholders.

Distributions

We intend to pay six-monthly distributions from the Fund for the March and September periods. Distribution payments are expected to be made within 20 business days of the start of March and September respectively. You can elect for your distributions to be paid to your nominated bank account, or reinvested in the Fund. If you do not make a distribution election, the default option is reinvestment. We can vary the method of calculation of distributions and the period between distributions (including suspending distributions) by providing three months' notice to you.

Amendments to the Governing Document

We can agree with the Supervisor to change the Governing Document in certain circumstances, without consulting you. This ability is, however, subject to certain protections (for your benefit) as set out in the Governing Document.

Altering your investment

We may alter or introduce minimum application amounts, holding amounts, transfer amounts and redemption amounts for any Fund at any time. We may allow applications, holdings, transfers and redemptions for less than those minimums at our discretion.

We may decrease or waive the management fee for the Fund at any time without notice.

We can change the SIPO. Before making changes to the SIPO, we will consider if the changes are in your best interests and consult with the Supervisor. We will give notice of changes to unitholders in the Fund prior to effecting any material changes.

Payment of withdrawal requests may be suspended or deferred. Details of when this may occur are under the 'Withdrawal of units' section.

We may resolve to wind up the Fund. In that case, all assets of the Fund will be realised and the Fund wound up (as explained in the 'Insolvency or winding up' section).

If your holding in the Fund falls below the minimum holding amount fixed by us from time to time or if we determine that an adjustment for PIE tax would reduce your holding to below that minimum holding amount, we may withdraw your entire holding and pay the net proceeds into your nominated bank account. We will give you at least one month's notice of our intention to do this.

The current minimum holding amount in the Fund fixed by us is \$50,000.

We may take all steps necessary to ensure the Fund remains eligible to be a PIE. This includes our ability to compulsorily redeem some or all of your units and pay the net proceeds to your nominated bank account in order to ensure that the Fund maintains its eligibility as a PIE.

Withdrawal of units

Minimum withdrawal amount

If a withdrawal request would cause your holding in the Fund to fall below the minimum holding amount (as determined by us from time to time) we may treat the withdrawal request as a request to withdraw all your units in the Fund.

If your holding falls below the minimum holding amount or to a level where an adjustment for PIE tax would leave your holding below the minimum holding amount, we may withdraw all of your units and pay the proceeds to your nominated bank account.

Withdrawal price

The withdrawal price of a unit is determined on each business day for the Fund.

Suspension of repayments

We may suspend withdrawals where we form the opinion that it is not desirable, or would be prejudicial to the interests of unitholders in the Fund as a whole, or would threaten that Fund's eligibility for PIE status.

If withdrawals are suspended, we must give notice to all unitholders who have made a withdrawal request. If the suspension is for a period of more than two weeks, we must give notice to all unitholders in the Fund.

The suspension will continue until six months after the date of the notice, except where we consider (after consultation with the Supervisor) that the suspension should continue because the criteria for such suspension continue to be met, in which case we will provide written notification to the Supervisor and all unitholders in the relevant Fund of the continuation of the suspension.

Tax on withdrawals

Where units are withdrawn, the tax liability on income allocated to you up to the withdrawal date will need to be satisfied either by us cancelling units or by deduction from any distributions. Generally this will occur by cancellation of units on withdrawal.

Right to sell units

You may sell and transfer all or any of your units, (either to a unitholder or another person) by completing a transfer request form, to be signed by the transferor and transferee. The transfer becomes effective when it is entered in the Register.

We may decline to register any transfer in our absolute discretion and without giving any reasons. Without limiting this discretion, we may decline a transfer due to:

- non-compliance with any law or the provisions of the Governing Document; or
- the transfer resulting in the transferee or the transferor holding less than the minimum holding or more than any maximum holding; or
- the transfer resulting in the Fund becoming ineligible as a PIE or threatening such eligibility.

No transfer of any units can be registered unless any sums owed in respect of those units (including any applicable PIE tax, or other duties or any commissions, fees and charges in respect of the transfer of the units) have been paid.

Termination of the Fund

The Fund will terminate on the first of the following:

- the date on which we resolve in writing to wind up the Fund (provided we provide the Supervisor with a copy of that resolution);
- the date on which unitholders determine to terminate the Fund by Special Resolution; or
- the date the Fund is required to be wound up pursuant to the FMC Act, the Trust Deed, by the Court or by operation of law.

Taxation

This section briefly summarises the taxation regime as it currently applies to the Fund. It is intended as a general guide only. There may be changes to the taxation legislation and tax rates in the future which may impact each unitholder differently. Unitholders should always seek independent professional taxation advice for their individual circumstances.

Portfolio Investment Entity

The Fund has elected to be a Portfolio Investment Entity (a **PIE fund**).

At the date of this document, the Fund calculates the taxable income accruing from investments in global shares listed outside of New Zealand and Australia using the Fair Dividend Rate (**FDR**) method. You can find more information on the FDR method on the IRD website (www.ird.govt.nz). Search for 'IR461'. The method of calculation of taxable income may change without notice.

Under the PIE tax regime, the Fund will allocate its taxable income to unitholders and, where applicable, pay tax on allocated income on behalf of unitholders for a unitholder with a prescribed investor rate (**PIR**) of greater than zero. The Fund will undertake any necessary adjustments to a unitholder's interests in the Fund to reflect that the Fund pays tax at varying rates on behalf of unitholders.

Unitholders will not pay tax on distributions (if any) paid to unitholders from the Fund.

You can find out more about PIE funds and how they are taxed on the Inland Revenue website (www.ird.govt.nz). Search for 'PIE for Investors'.

Foreign residents

The Fund has elected to be a foreign investment variable-rate PIE.

Eligible foreign residents who have sufficiently completed and provided to us a notified foreign investor (**NFI**) form (available on request) will have tax deducted in broadly the same way as if they invested directly in the Fund's assets. The amount of tax paid is based on the type and source of income the Fund generates, as follows:

All non-New Zealand sourced income, fully imputed dividends, income from New Zealand based financial arrangements excluding interest covered below	0%
New Zealand interest income	1.44%
New Zealand dividend income, to the extent it is un-imputed, is taxed based on whether the investor is resident in a country with which New Zealand hold a double tax agreement ('DTA') that reduces the dividend withholding tax rate below the standard 30%	15% (DTA); 30% (no DTA)
Other New Zealand sourced income (if any)	28%

Once every year the Funds must check their unitholders are still NFIs.

General

Unitholders must advise FundRock of their PIR and IRD number when applying to invest in the Fund and if their PIR changes at any time. If a New Zealand resident unitholder has not provided their IRD number to the PIE, after 6 weeks, the PIE is required to close the unitholder's account and return any funds to them. If a unitholder does not provide their PIR to FundRock they will automatically be taxed at the maximum default rate of 28%. If the rate applied to a unitholder's PIE income is lower than the correct PIR, the unitholder will be required to pay any tax shortfall, as part of the income tax year-end process. If the rate applied to a unitholder's PIE income is higher than the correct PIR any tax over-withheld will be used to reduce any income tax liability of the unitholder for the tax year and any remaining amount will be refunded to the unitholder.

The Commissioner of Inland Revenue can require FundRock to disregard a PIR notified by a unitholder if the Commissioner considers the rate to be incorrect. The rate specified by the Commissioner would then apply to that unitholder's attributed income.

Taxable income is attributed annually to 31 March, or at any time a unitholder withdraws all or part of their investment from the Fund.

If there is a tax loss or there are excess tax credits allocated to a unitholder for a period, these will generally be available to unitholders with a PIR other than 0% in the form of a rebate. The Fund will either re-invest this rebate by purchasing units in the Fund on a unitholder's behalf in respect of annual attributions as at 31 March or include it in the net proceeds payable to that unitholder or applied on their behalf as a result of a full withdrawal. For non-individual unitholders with a 0% PIR, the tax loss or excess credits may be available for offset in that unitholder's tax return against other income, with any excess available to carry forward.

Other Risks

The PDS for the Fund describes the key risks associated with an investment in the Fund. Further information is provided below. Different investments have different types of risks. We recommend that you seek professional advice before investing in the Fund to understand what risks are associated with this investment, especially in relation to your circumstances.

Administration risk – This is the risk that instructions in relation to your investments in the Fund have not been accurately relayed or processed or that fraudulent instructions are acted upon. FundRock, the Investment Manager, and the Administrator will follow reasonable electronic instructions in good faith. Whilst we cannot always detect fraudulent instructions we will apply best endeavours to mitigate this risk.

Counterparty risk – Risk that counterparties, such as brokers, fail to meet their contractual obligations which may result in the investment activities of the Fund being adversely affected.

Cyber risk – This risk relates to the potential impact of uncertainty on information and technology, particularly the loss of confidentiality, integrity, or availability of information and systems. It may affect the Manager or other service providers' operations, potentially causing financial loss, data breach, fraud, operational disruption or damage to the information of the Fund or to unitholders' personal information.

Derivatives risk – Derivatives are contracts that usually derive their value by reference to the price of an underlying physical asset or market index. Risks associated with the use of derivatives include that the value of a derivative may fall as a result of an adverse movement in the underlying asset or index, the Fund not being able to meet payment obligations as they arise and the risk that the other party with whom the derivative contract is held will fail to perform its contractual obligations.

ESG risk – The realisation of any applicable environmental, social and governance (**ESG**) related commitments and targets (if any) that are incorporated into the investment process of the Fund is dependent on the accuracy of information provided by portfolio entities and their future actions (for which the relevant portfolio entity is responsible and accountable), and which is subject to change or may otherwise be inaccurate. Accordingly, there is a risk that portfolio entities do not achieve their stated ESG objectives which in turn may affect the realisation of any applicable ESG-related commitments and targets that are incorporated in the investment process of the Fund (if any).

Force majeure risk – Force majeure is the term generally used to refer to an event beyond the control of any party, including acts of God, fires, floods, earthquakes, wars, strikes and acts of terrorism. Some force majeure risks are uninsurable and, if such events occur, they may have adverse effects on the Fund.

Fund risk – Fund risk refers to specific risks associated with the Fund and includes:

- changes to the investment team, which may affect the Fund's future performance;
- the termination of the Fund;
- the possibility of different outcomes when investing in the Fund rather than investing directly in the assets of the Fund;
- the risk that costs of your investment may increase due to an increase of fees and costs in the Fund; and
- closing the Fund to further investments if, for example, the Manager considers it appropriate given the investment objective and investment strategy of the Fund.

As a result of these risks, the value of the investment in the Fund and level of distributions may change.

Investments sanctions risk – Regulations, restrictions and sanctions may be imposed by governments or international bodies (such as the United Nations) which may impact investments held by the Fund. Sanctions may result in:

- limits on the amount and type of assets that may be purchased by the Fund;
- restrictions to the sale and timing of sanctioned assets or devaluation of such assets within the Fund;
- refusal of sanctioned persons purchasing assets; and/or
- unitholders in the Fund who become sanctioned being restricted from trading in units in the Fund.

Key person risk – This is the risk that key individuals are no longer able to fulfil their obligations in respect of the investment or administration of the Fund. FundRock aims to ensure that all staff are highly qualified and capable of mitigating individual key personnel risk. FundRock will ensure that it has sufficient resources to enable the Fund to continue unaffected should any member of the team be unable to fulfil their obligations.

Operational risk – The risk of loss resulting from inadequate or failed internal processes, people and systems, or from external events. Adverse impacts may arise internally through human error, technology or infrastructure changes, or through external events such as third-party failures or crisis events.

PIE tax risk – The Fund may fail to satisfy the PIE eligibility criteria (as defined in the Income Tax Act 2007) and if that failure is not remedied within the period permitted under the Income Tax Act 2007, the Fund may lose its PIE status. In that case, under tax legislation in force as at the date of this Document, the Fund may be taxed as a company at 28% on all taxable income and any distributions and redemptions may become taxable income and any distributions and redemptions may become taxable to Unitholders. The Manager has implemented processes to monitor ongoing PIE eligibility compliance for the Fund, and has a number of powers under the Governing Document available to it to proactively manage the risk.

Unitholders may incur a tax liability as a result of advising the wrong PIR or failing to advise the Manager when their PIR increases (except where an increase is due to a change in the statutory tax rates rather than a change in the unitholder's income).

Regulatory and tax risk – Governments or regulators may pass laws, make changes to taxation laws, create policy or implement an existing policy that may affect the Fund as a whole or individual securities or the Investment Manager's ability to execute strategies. This may affect either a particular transaction or market, and may be either country specific or global. Such changes may result in the Fund failing to achieve its investment objectives. Regulatory risk is managed by FundRock by regularly and closely reviewing changes in the law and seeking expert legal advice where necessary.

Risk of a claim on the Fund – Under the Trust Deed, we and the Supervisor are entitled to be indemnified out of the Fund (see further details under the 'Manager's and Supervisor's indemnity' section).

If a claim is made on the Fund by us or the Supervisor, this may affect the Fund's ability to make payments to unitholders.

How risks can affect an investment

The actual or perceived existence of risk may manifest itself in uncertainty, which in turn increases volatility of investment returns. When the collective sentiment of the market is positive, prices rise; when it is negative, prices fall. If specific risks eventuate a total loss of capital may occur. Each investment will be affected by a different combination of risks.

Because of these risks, it is foreseeable that a unitholder may receive back less than the capital invested by the unitholder into the Fund. However, the unitholder will not be required to pay more money than the amount the unitholder invested in the Fund (with the exception of any PIE tax liability that may be incurred).

Insolvency or winding up

You will not be liable to pay money to any person as a result of the insolvency or winding up of the Fund (except as described below).

You will be liable to meet any tax liability attributable to you which exceeds the value of your investment in the Fund (in which case you indemnify the Supervisor for the difference between the value of the units and the tax liability). A custodian that holds legal title to units on behalf of underlying unitholders and elects to be a proxy for PIE unitholders will, under the terms of the application form attached to the PDS, be asked to indemnify us and the Supervisor for any losses, liabilities, costs or expenses arising from any breach (in relation to underlying unitholders that such custodian is responsible for) of the investor interest size requirements or the investor membership requirements under the Income Tax Act 2007, including the losses, liabilities, costs or expenses arising from the Fund losing PIE status.

On insolvency or winding up of the Fund, the assets of the Fund are first applied to meet the claims of any creditors of the Fund (whether preferred, secured or unsecured), which includes our and the Supervisor's claims for fees and expenses. Following this, the remainder of the assets of the Fund will be distributed to unitholders in proportion to the number of units held.

At the date of this Document there are no other claims on the assets of the Scheme that rank ahead of or equally with the claims of unitholders. In certain circumstances, you may receive assets other than cash (e.g. securities in another investment held by the Fund) as part of a wind up.

Further information on market indices

The returns of the Fund are measured against the market index described in the SIPO. More information about this market index can be found at the following website: www.msci.com/indexes.

No guarantee

None of the Supervisor, the Manager, Investment Manager nor their respective directors and shareholders, nor any other person, guarantees or provides undertakings in relation to the return of capital invested in the Fund by a unitholder, the payment of any return on capital, any particular rate of return, provision of any distribution or payment of any money in relation to the Fund, or the performance of the Fund. A unitholder's investment is not secured against any assets.
