1. Key information summary

What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Fisher Funds Management Limited ('Fisher Funds', 'we' or 'us') will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of Fisher Funds and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

What will your money be invested in?

Fisher Funds Investment Series offers you a range of five funds ('the funds') to invest in. These investment options are summarised below. More information about the investment target and strategy for each investment option is provided at Section 3.

You can choose to invest in one or more of the funds below, as long as you meet the minimum investment and account balance requirements. More on those in Section 2.

Fund name	Fund description and investment objective	Risk indicator	Estimated annual fund charges (% of net asset value)
Fisher Funds CashPlus Fund	Aims to provide stable returns and reduce the potential of capital loss over the short to medium term by investing in New Zealand cash and New Zealand short term fixed interest assets. Fisher Funds New Zealand Fixed Income Trust	Aims to provide stable returns over the long term by investing in New Zealand fixed interest assets.	Lower risk — Higher risk 1 2 **3** 4 5 6 7 Potentially **lower** returns — Potentially **higher** returns	0.96%
Fisher Funds BondPlus Fund	Aims to provide stable returns over the long term by investing predominantly in international fixed interest assets.	Lower risk — Higher risk 1 2 **3** 4 5 6 7 Potentially **lower** returns — Potentially **higher** returns	1.21%
Fisher Funds Trans Tasman Equity Trust	Focuses on growth of your investment over the long term by investing in Australasian companies.	Lower risk — Higher risk 1 2 3 4 **5** 6 7 Potentially **lower** returns — Potentially **higher** returns	1.62%
Fisher Funds Global Fund	Focuses on growth of your investment over the long term by investing in international companies.	Lower risk — Higher risk 1 2 3 4 **5** 6 7 Potentially **lower** returns — Potentially **higher** returns	1.62%

See Section 4 for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at fisherfunds.co.nz/managed-funds/ipq.

Who manages the Fisher Funds Investment Series?

Fisher Funds manages the funds. See Section 7 for more information about us.

How can you get your money out?

This is a flexible investment option and you can usually withdraw some or all of your investment at any time. Below are more details about withdrawing your investment:

- There's no charge for withdrawals
- You'll need to complete a withdrawal form
- There is currently a minimum withdrawal amount of $500 per transaction
- If you make a partial withdrawal you'll need to ensure you keep a minimum account balance of $5,000 in each fund you are invested in (or $1,000 if you invested in the BondPlus Fund, Trans Tasman Equity Trust, or Global Fund prior to 1 November 2005).

Fisher Funds may waive or reduce these minimums.

Section 2 provides more information on withdrawing your investment.

Your investment in these funds can be sold but there is no established market for trading these financial products. This means that you may not be able to find a buyer for your investment.

How will your investment be taxed?

Each fund is a portfolio investment entity (PIE). The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (PIR). This can be 0%, 10.5%, 17.5% or 28%. See Section 6 of the PDS (what taxes will you pay?) on page 12 for more information.

Where can you find more key information?

Fisher Funds is required to publish quarterly updates for each investment option. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at fisherfunds.co.nz/investment-series/forms-and-documents. The manager will also give you copies of those documents on request.

2. How does this investment work?

Fisher Funds Investment Series is distributed predominantly through third party financial advisers. Fees associated with investing in the Fisher Funds Investment Series funds through a third party adviser may vary, see your financial adviser for details.

What are the benefits?

- **It's a flexible investment.** You can start investing with as little as $100 a month and/or with a lump sum of $5,000. And you can add to, withdraw from or change your investment at any time (see below for conditions).
- **A choice of investment options.** We know that every investor has different investment goals, timeframes, and tolerance for risk. So we provide the flexibility to choose from five different investment options.
- **Diversification.** With Fisher Funds Investment Series, your money is pooled with lots of other investors' which gives you exposure to a greater range of investment opportunities.
- **We do the hard work for you.** Our experienced Investment Team actively manages your investment to help grow your returns over the long term.

How does it work?

When you invest in Fisher Funds Investment Series, your money is used to buy units in your name in the fund or funds that you choose. More information on the funds can be found in Section 3.

- Each unit you buy will have a price calculated each business day based on the value of the fund's assets at the time.
- Changes in the value of the fund's assets (up or down) are reflected in the unit price.

Each fund in the Fisher Funds Investment Series is a trust governed by a Governing Document between Fisher Funds and Trustees Executors Limited (the 'Supervisor'). Your investments are held by a custodian appointed by the Supervisor, who is independent from Fisher Funds. Each fund is accounted for separately so assets in one fund can't be used to meet the liabilities of another.

The funds in the Fisher Funds Investment Series do not currently make distributions. Any income or capital gains are included in the unit price of the funds.

Responsible investment

Responsible investing is embedded in our research and investment process. Our Responsible Investment Policy is available at fisherfunds.co.nz/responsible-investing.

Joining the scheme and making investments

It's easy to invest in Fisher Funds Investment Series and it's open to most people including:

- Individuals over the age of 18 (including joint investors)
- Trusts or Partnerships
- Estates
- Charities
- Companies
- Incorporated societies or associations

You can start your Fisher Funds Investment Series journey by completing the application form at the back of this document or simply give us a call for more information.

Fisher Funds Investment Series has minimum investment amounts which are (unless agreed otherwise):

- Opening investment: an initial lump sum of $5,000
- Additional investments: $1,000 or more (can be made at any time)
- Regular investments: $100 per month
- In addition, for entities such as trusts and companies, the minimum investment amount is $100,000 in aggregate across all of the funds the entity is invested in

Fisher Funds may waive or reduce these minimums.

You can invest anytime by making a lump sum or regular contribution by direct credit transfer or direct debit. Making regular contributions to your investment can help you reach the financial success you dream of.

Withdrawing your investments

The Fisher Funds Investment Series gives you the flexibility to withdraw some or all of your investment generally at any time, subject to the requirements and conditions set out below. There's no charge to make withdrawals.

How to make a withdrawal

- Simply complete a withdrawal request form (you can download a form from fisherfunds.co.nz/investment-series/forms-and-documents)
- Partial withdrawals need to be $500 or more per transaction
- Regular withdrawals can be set up on a monthly or quarterly basis and must be a minimum of $100 per transaction
- For partial and regular withdrawals, you must leave a minimum account balance of $5,000 in each fund you are invested in (or $1,000 if you were invested in the BondPlus Fund, Trans Tasman Equity Trust, or Global Fund prior to 1 November 2005) or we may withdraw your remaining investment in the relevant fund(s) and pay it to you

Fisher Funds may waive or reduce these minimums.

What happens when you make a withdrawal?

- Once we have received your completed withdrawal request form, accompanied by all necessary documentation, your withdrawal will be processed at the next available unit price. Withdrawals usually take 3-5 business days to process. In certain unusual circumstances withdrawals may take up to 10 business days to complete. Withdrawal processing times may change. See the 'Understanding your investment' section of the 'Other Material Information' document at fisherfunds.co.nz/investment-series/forms-and-documents for the current processing times.
- PIE tax associated with the withdrawal may be deducted from your account
- We may suspend or defer the timing of withdrawals (including transfers and switches) in some circumstances. Further information on suspensions and deferrals is set out in the 'Other Material Information' document at fisherfunds.co.nz/investment-series/forms-and-documents.

How to switch between funds

Fisher Funds Investment Series offers you a range of funds to choose from, with the flexibility to switch your investment between funds at any time, usually with no charge. We may choose to charge a fee, for example if an investor wanted to make an unreasonable number of switches in a short time. PIE tax may be withheld on switches between funds.

Switching funds is easy; just complete an Investment Series Switch Form at fisherfunds.co.nz/investment-series/forms-and-documents.

3. Description of your investment option(s)

Fisher Funds Investment Series has a choice of five funds for you to invest in, with the flexibility of investing in any combination of funds. It's important to understand what your financial goals are, the timeframe you have and how much risk you're comfortable to take. Each fund has different risks and rewards and is designed to suit different types of investors. We'd suggest talking to one of our friendly financial advisers before you make any decision.

The Fisher Funds Investment Series investment options are detailed on the following pages.

To help make the investment jargon included in the descriptions a bit easier to understand, we've used the following terms.

Income assets — lower risk investments such as cash and/or fixed interest securities.

Growth assets — higher risk investments such as Australasian and international shares and property.

The funds may hold derivatives (contracts that are valued based on the performance of other assets e.g. for currency hedging purposes in the funds that invest overseas), and alternative assets (such as investments in commodities), however there is no specific allocation to these investments. The funds can hold assets either directly or indirectly through other funds.

4. What are the risks of investing?

Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

Risk indicators for each fund can be found in Section 3.

Risk indicator

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at fisherfunds.co.nz/managed-funds/ipq.

Note that even the lowest category does not mean a risk-free investment.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the five years to 30 September 2026. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund update for each of the funds.

General investment risks

Some of the things that may cause a fund's value to move up and down, which affect the risk indicator, are:

- **Investment returns risk** — different types of investments perform differently. Generally, the return on a fund with more growth assets like shares will go up and down more over time than a fund with more income assets.
- **Market risk** — investment markets can be affected by economic conditions, political events, and environmental and technological issues.
- **Climate-related risk** — the market value of an investment may change due to the impacts of climate change.
- **Currency risk** — the value of foreign assets and currency held by funds can change (up or down) when there are movements in the exchange rate between the New Zealand dollar and the foreign currency.
- **Investment manager risk** — how we choose to allocate each fund's investments will affect returns. Returns may differ from any market index and from competing investments.
- **Credit risk** — the issuer of a security, an institution that we deposit funds with, or a third party that provides a guarantee for either may not honour their obligations, may fail to complete transactions, or may become insolvent.
- **Counterparty risk** — a party to an investment contract may not honour their obligations, or fail to complete a transaction, or may become insolvent.
- **Interest rate risk** — the value of fixed interest investments may increase or decrease as a result of changes in interest rates.
- **Liquidity risk** — low liquidity can affect the ability of the fund to make payments when needed (such as meeting withdrawal requests), or you may receive a lesser amount than expected if the assets have to be sold quickly and there are few buyers. Investment in unlisted assets increases liquidity risk, which applies particularly to any unlisted assets that the funds may hold. For the current allocation to unlisted Australasian shares and international shares, please contact us.
- **Valuation risk** — a fund may hold investments, such as unlisted assets, which may lack a verifiable market valuation and therefore carry the risk of valuation uncertainty which could impact returns.

Further information on these risks, and other risks, and the steps we take to reduce their impact on the funds' investments are set out in the 'Other Material Information' document on disclose-register.companiesoffice.govt.nz.

5. What are the fees?

You will be charged fees for investing in Fisher Funds Investment Series. Fees are deducted from your investment and will reduce your returns. If Fisher Funds invests in other funds, those funds may also charge fees. The fees you pay will be charged in two ways —

- **regular charges** (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term:
- **one-off fees** (for example, fees charged for investing or withdrawing from the fund or other specific actions you take). Fisher Funds does not currently charge any one-off fees.

The table below shows the charges for each fund including GST, if any. The annual fund charges are based on the fees and expenses from the 31 March 2026 audited financial statements. They are a reasonable estimate of the annual fund charges that are likely to be charged in the future.

Fund	Fixed	Estimated	Total estimated annual fund charges (% of net asset value)
	Manager's basic fee	Other management and administration charges	
Fisher Funds CashPlus Fund	0.50%	0.37%	0.87%
Fisher Funds New Zealand Fixed Income Trust	0.85%	0.11%	0.96%
Fisher Funds BondPlus Fund	1.05%	0.16%	1.21%
Fisher Funds Trans Tasman Equity Trust	1.51%	0.11%	1.62%
Fisher Funds Global Fund	1.51%	0.11%	1.62%

Description of the above fees

Annual fund charges

Are made up of:

- The **Manager's basic fee** charged directly to the funds by Fisher Funds for providing services, including investment management services
- **Other management and administration charges** including costs and expenses incurred in relation to the funds for services such as accounting, custodian, unit pricing and audit services and the Supervisor's fee

Annual fund charges are paid from the funds, or the underlying funds they may invest in.

The Manager's basic fee is not subject to GST[1]. GST may be included in some other management and administration charges, where applicable.

Individual action fees

We don't currently charge any contribution, establishment, termination, or withdrawal fees, but may charge these or other fees in the future.

You may be charged other fees by us on an individual basis for investor-specific decisions or actions, though this is rare. See the 'Other Material Information' document at fisherfunds.co.nz/investment-series/forms-and-documents for more information about those fees. You may be charged a fee by your financial adviser.

Buy/sell spreads

Although under normal trading and market conditions we do not apply buy and sell spreads, we may choose to do so. You can find out if any buy or sell spreads have been applied at fisherfunds.co.nz/spread-pricing. Further information is set out in the 'Other Material Information' document at fisherfunds.co.nz/investment-series/forms-and-documents.

Example of how fees apply to an investor

Sarah invests $10,000 in the Fisher Funds Trans Tasman Equity Trust. The starting value of her investment is $10,000. She is charged management and administration fees which work out to about $162 (1.62% of $10,000). These fees might be more or less if her account balance has increased or decreased over the year.

Estimated total fees for the first year

Individual action fees	Nil
Fund charges	$162
Other charges	Nil

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the Fisher Funds Trans Tasman Equity Trust. If you are considering investing in other funds in the scheme, this example may not be representative of the actual fees you may be charged.

The fees can be changed

Our fees may change or new fees may be added — we'll let you know if they do. If we do make any changes to the fees, we'll make sure they are changed within the rules set by the Governing Document.

Fisher Funds must publish a fund update for each fund showing the fees actually charged during the most recent year. Fund updates, including past updates, are available at fisherfunds.co.nz/investment-series/forms-and-documents.

1. Inland Revenue has issued an Interpretation Statement which provides that fees such as these are not subject to GST.

6. What taxes will you pay?

Each of the funds in the Fisher Funds Investment Series is a portfolio investment entity. The amount of tax you pay is based on your prescribed investor rate (PIR). To determine your PIR, go to ird.govt.nz/pir.

If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It is your responsibility to tell Fisher Funds your PIR when you invest or if your PIR changes. If you do not tell Fisher Funds, a default rate may be applied.

If the rate applied to your PIE income is lower than your correct PIR, you will be required to pay any tax shortfall as part of the income tax year-end process. If the rate applied to your PIE income is higher than your PIR, any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you by Inland Revenue.

Joint investors, companies and trusts may be taxed differently to individuals. For example, for a joint application we will use the highest PIR provided by the applicants. See under the heading 'Tax' in the 'Other Material Information' document at fisherfunds.co.nz/investment-series/forms-and-documents for more information on how your investment earnings are taxed. Or give us a call for more information on investment tax.

Section 2 — Identification options

Fisher Funds is required to verify the identity of new clients and associated parties under the AML/CFT Act. We offer clients two ways to confirm their identity.

Option 1

Electronic identity verification

Fisher Funds has the ability to electronically verify your identity. Once we have received your application we will send you an SMS via our third party partner to biometrically verify your identity. To complete this method of verification you must have: a smartphone (with a front camera that is capable of taking a photo/video) and a current (not expired) version of one of the following: New Zealand Passport; New Zealand Driver Licence; Australian Passport; Australian Driver Licence.

If this method of identification is unsuccessful you will be required to provide certified identity documents.

Option 2

Certified copies of identity documents

Please provide a certified copy of your identity documents. Refer to section 3 for information on acceptable identity documents and who can certify them.

Investor 1: Preferred identification method — please select one of the following options:

- ◯ **Option 1** – I would like Fisher Funds to electronically verify my identity
- ◯ **Option 2** - I would like to provide Fisher Funds with certified copies of my identity documents

Investor 2: Preferred identification method — please select one of the following options:

- ◯ **Option 1** – I would like Fisher Funds to electronically verify my identity
- ◯ **Option 2** - I would like to provide Fisher Funds with certified copies of my identity documents

Section 3 — Certified identity documents

If you selected Option 2 as your preferred way for us to verify your identity please select **one** of the certified identification options below. If you have selected Option 1 you do not need to provide certified ID now.

If you are an existing Fisher Funds client we may have your identification documents on file, please contact us to confirm this. We may request new identification documents from you.

Option A: (preferred)

- ◯ **Passport** (containing name, date of birth, photograph and signature)

OR

- ◯ **New Zealand Firearms Licence**

Option B:
