## What are the risks of investing?

Risk indicator for the Kernel World ex-US (NZD Hedged) Fund :

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at sorted.org.nz/tools/investor-profiler.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data[1] for 5 years to 30 September 2026. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates. See the Product Disclosure Statement - Equity Funds for the Kernel Funds for more information about the risks associated with investing in this fund.

## How has the fund performed?

| | Past Year |
|---|---|
| Annual return (after deductions for charges and tax) | 19.02% |
| Annual return (after deductions for charges but before tax) | 20.49% |
| Market index annual return (reflects no deduction for charges and tax) | 21.38% |

The market index annual return is based on the annual return of the S&P World Ex-U.S., Controversial Weapons and Tobacco (NZD Hedged) Index. Additional information about the market index is available in the 'Statement of Investment Policy and Objectives' document on the offer register at www.disclose-register.companiesoffice.govt.nz.

## What fees are investors charged?

## Notes

[1] Market index returns (as well as actual returns) have been used to complete the risk indicator, as the fund has not been in existence for 5 years. As a result, the risk indicator may provide a less reliable indicator of the potential future volatility of the fund. The risk indicator for the fund uses 3 year(s) 11 month(s) of market index returns.

*Matthew Winton has been named in the fund update for this fund starting from quarter ending 30/06/2026
