## What are the risks of investing?
## Risk indicator for the Amova Balanced Fund

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at https://sorted.org.nz/tools/investor-profiler/.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the five-year period to September 2026. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates. See the product disclosure statement (PDS) for more information about the risks associated with investing in this fund.

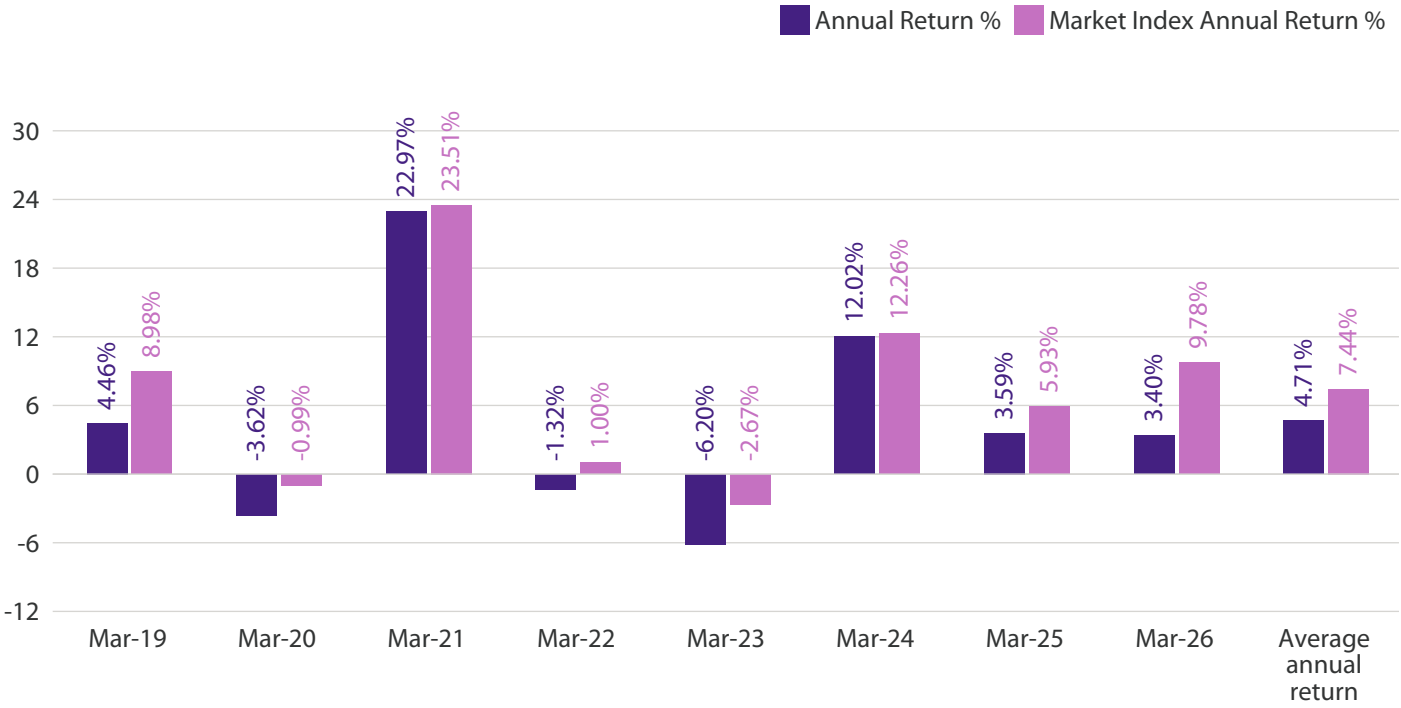

## How has the fund performed?

| | Average over past 5 years | Past year |
|---|---|---|
| Annual return<br>*(after deductions for charges and tax)* | 2.75% | 1.76% |
| Annual return<br>*(after deductions for charges but before tax)* | 3.27% | 2.17% |
| Market index annual return<br>*(reflects no deduction for charges and tax)* | 5.84% | 6.71% |

### Annual Return Graph[1]

This shows the return after fund charges and tax for each year ending 31 March since the fund started. The last bar shows the average annual return since the fund started, up to 30 September 2026.

**Important:** This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

## What fees are investors charged?

Investors in the Amova Balanced Fund are charged fund charges. In the year to 31 March 2026, these were (inclusive of GST where applicable):

| | % of net asset value |
|---|---|
| **Total fund charges** | 0.94% |
| Which are made up of: | |
| **Total management and administration charges** | 0.94% |
| Including: | |
| Manager's basic fee | 0.94% |
| Other management and administration charges | 0.00% |
| **Total performance-based fees** | 0.00% |

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the Amova Diversified Funds PDS for more information about those fees.

## Example of how this applies to an investor

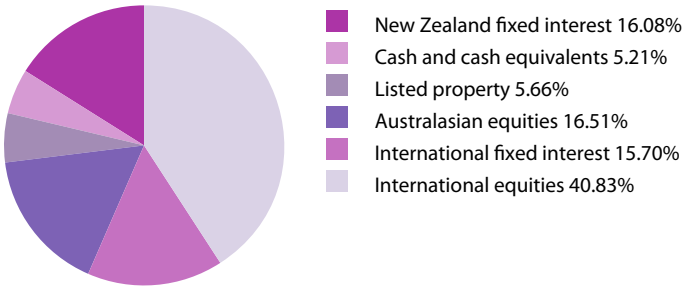

Small differences in fees and charges can have a big impact on your investment over the long term.

Sam had $10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Sam received a return after fund charges were deducted of $217 (that is 2.17% of his initial $10,000.00). Sam also paid no other charges. This gives Sam a total return after tax of $176 for the year. [2]
