What are the risks of investing?

Risk indicator for the InvestNow Pathfinder Ethical Growth Fund.

⇦ Potentially lower returns						Potentially higher returns ⇨
1	**2**	**3**	**4**	**5**	**6**	**7**
⇦ Lower risk						Higher risk ⇨

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at https://sorted.org.nz/.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

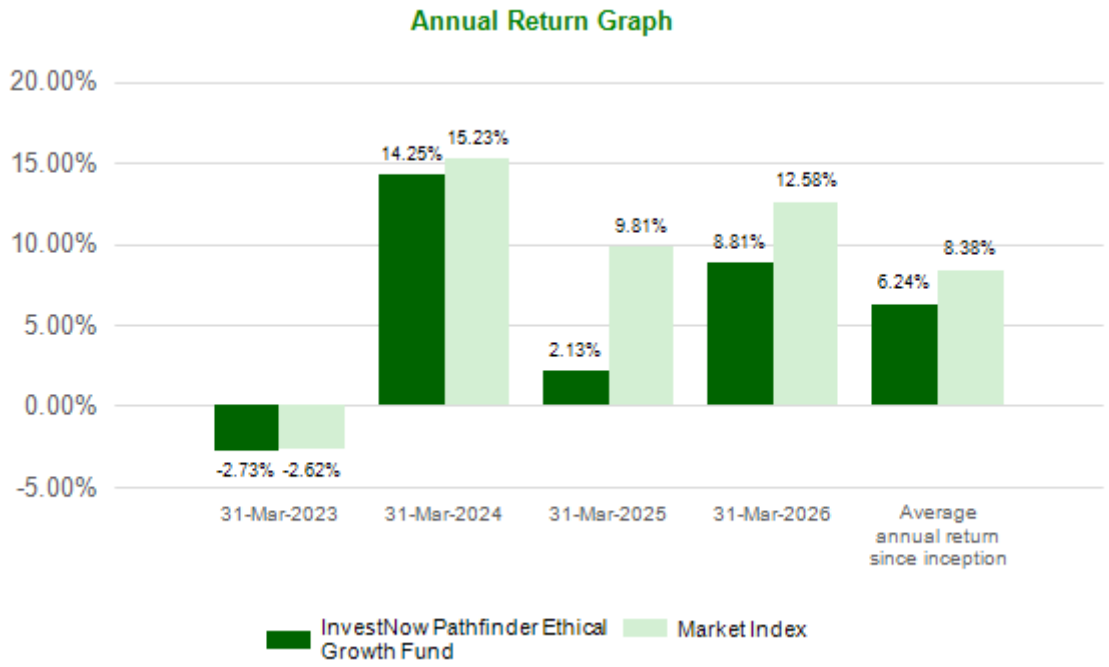

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 30 September 2026. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the product disclosure statement (**PDS**) for more information about the risks associated with investing in this fund.

How has the fund performed?

	Average over past 5 years	Past year
Annual return (after deductions for charges and tax)	5.84%	8.63%
Annual return (after deductions for charges but before tax)	6.34%	9.03%
Market index annual return (reflects no deduction for charges and tax)	8.18%	9.06%

The market index return is the Morningstar Target Allocation Plus Index: Growth Multisector for New Zealand. This has been the market index since 1 April 2026. The previous indexes were the Morningstar Target Allocation Index: Growth Multisector for New Zealand from 1 October 2021 to 31 March 2026 and a weighted composite benchmark index as described in the Fund Update for the quarter ended 30 June 2021 from fund inception to 30 September 2021. Additional information about the market index is available on the offer register at https://disclose-register.companiesoffice.govt.nz .

This shows the return after fund charges and tax for each year ending 31 March since the fund started. The last bar shows the average annual return since the fund started, up to 30 September 2026.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in the InvestNow Pathfinder Ethical Growth Fund are charged fund charges. In the year to 31 March 2026 these were:

	% of net asset value (including GST)
Total fund charges [i]	1.39%
Which are made up of:	
Total manager and administration charges	1.39%
Including:	
Manager's basic fee	1.25%
Other management and administration charges	0.14%

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the PDS for the InvestNow KiwiSaver Scheme Diversified Funds #3 on the offer register at https://disclose-register.companiesoffice.govt.nz for more information about those fees.

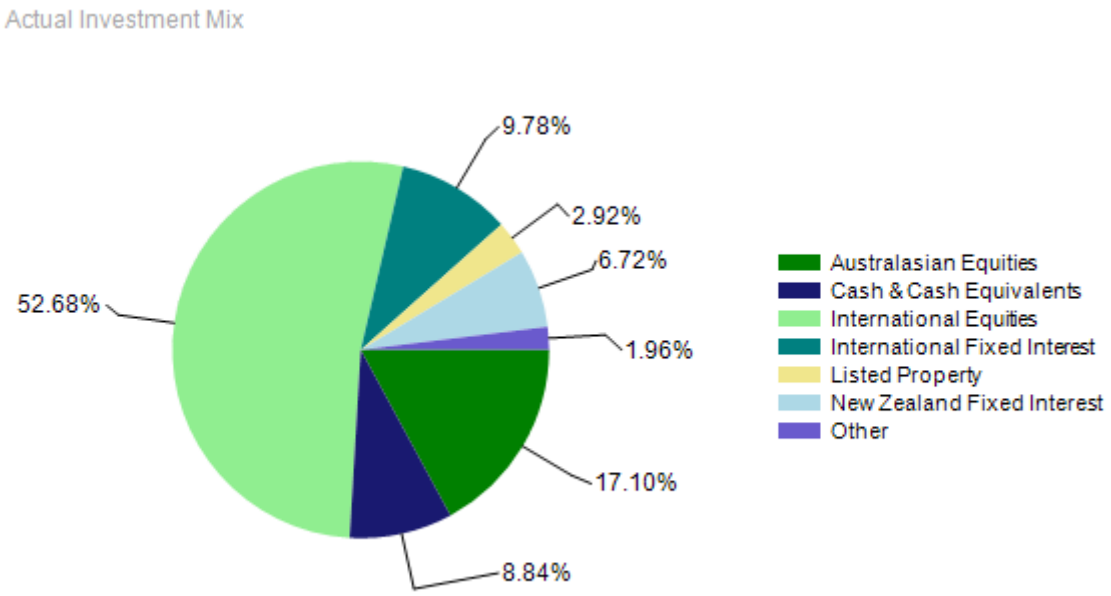

Example of how this applies to an investor

Small differences in fees and charges can have a big impact on your investment over the long term.

Anthony had $10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Anthony received a return after fund charges were deducted of $903 (that is 9.03% of his initial $10,000). This gives Anthony a total return after tax of $863 for the period.
