Fund update

Mercer Responsible Trans-Tasman Shares Fund
Mercer Investment Funds

Quarter ending 30 September 2026

This fund update was first made publicly available on: 29 October 2026

What is the purpose of this update?

This document tells you how the Mercer Responsible Trans-Tasman Shares Fund has performed and what fees were charged. The document will help you to compare the fund with other funds. Mercer (N.Z.) Limited prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

Description of this fund

The fund is a diversified portfolio of predominantly New Zealand shares across a range of industries and sectors. The portfolio may also invest in Australian shares. The fund is managed to include specific additional responsible exclusions criteria which aims to avoid investments in certain companies or activities, and is managed with reference to environmental, social and governance factors. This fund has additional exclusions applied as described in our Sustainable Investment Policy and has been certified by the Responsible Investment Association of Australasia (RIAA).

The fund aims to provide a Gross Return[1] above the return of the S&P/NZX 50 Index (on a gross basis and including imputation credits) over a rolling three-year period.

Total value of the fund	$32,787,908
The date the fund started	12 December 2012

What are the risks of investing?

Risk indicator for the Mercer Responsible Trans-Tasman Shares Fund:

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at **www.sorted.org.nz/tools/investor-profiler**.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 30 September 2026. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

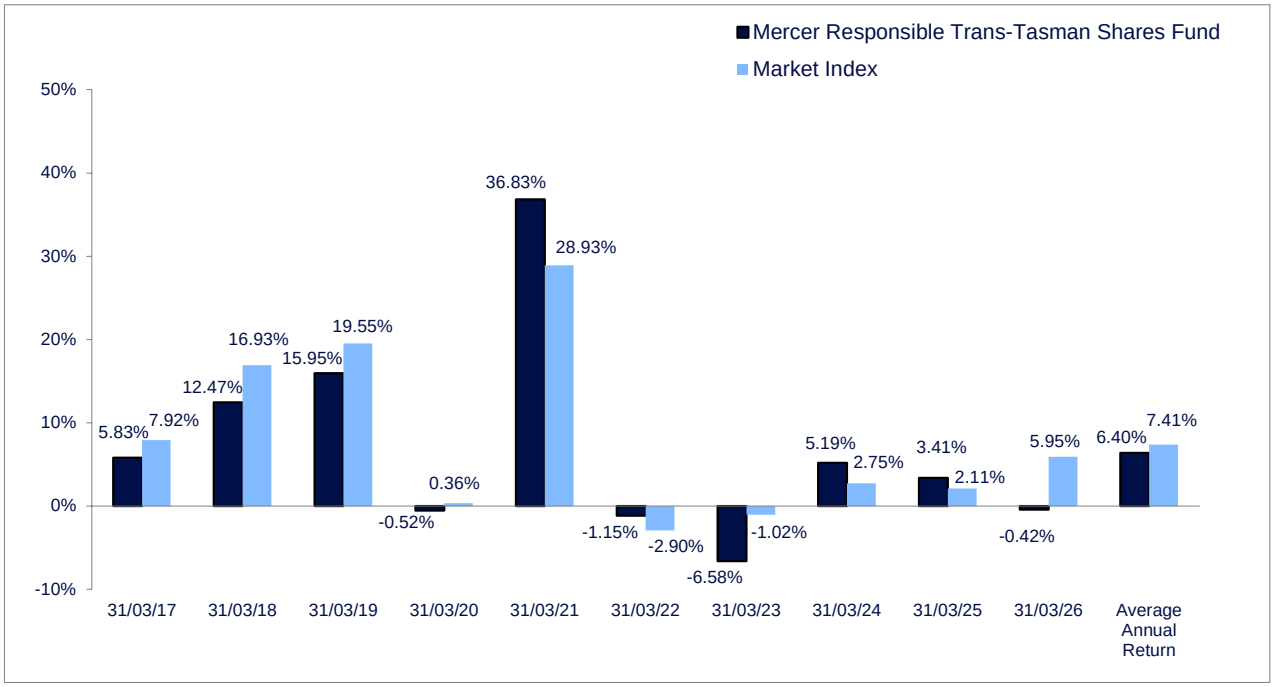

See the product disclosure statement (PDS) for more information about the risks associated with investing in this fund.

How has the fund performed?

	Average over past 5 years	Past year
Annual return[2] *(after deductions for charges and tax)*	-0.94%	-0.91%
Annual return[2] *(after deductions for charges but before tax)*	-0.41%	-0.43%
Market index annual return[2] *(reflects no deduction for charges and tax)*	1.61%	4.79%

The market index annual return is based on the S&P/NZX 50 Index (on a gross basis and including imputation credits). Additional information about the market index is available on the offer register at **www.disclose-register.companiesoffice.govt.nz**.

Annual Return Graph[3]

This shows the return after fund charges and tax for each of the last 10 years ending 31 March. The last bar shows the average annual return for the last 10 years, up to 30 September 2026.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in the Mercer Responsible Trans-Tasman Shares Fund are charged fund charges. In the year to 31 March 2026 these were:

	% of net asset value
Total fund charges	1.12%
Which are made up of:	
Total management and administration charges	1.12%
Including:	
Manager's basic fee (excluding GST[4])	0.75%
Other management and administration charges (including GST)	0.37%
Total performance based fees	0.00%

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the PDS for the Mercer New Zealand and Australian Shares Funds at **www.disclose-register.companiesoffice.govt.nz** for more information about those fees.

Small differences in fees and charges can have a big impact on your investment over the long term.

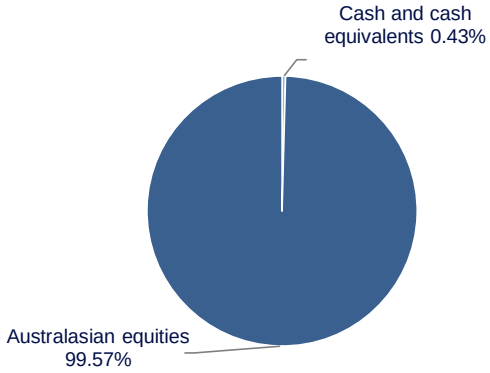

Example of how this applies to an investor

Ben had $10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Ben incurred a loss after fund charges were deducted of -$91.00 (that is -0.91% of his initial $10,000). Ben also paid $0.00 in other charges. This gives Ben a total loss after tax of -$91.00 for the year.
