

Investment Update

SBS Wealth KiwiSaver Scheme
SBS Wealth Focused Growth Fund
for the quarter ended 30 June 2026

This Fund Update was first made publicly available 29 July 2026

What is the purpose of this update?

This document tells you how the SBS Wealth Focused Growth Fund has performed and what fees were charged. The document will help you to compare the fund with other funds. SBS Wealth Limited prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

Description of this fund

The fund aims to provide investors with a higher risk investment option that achieves capital growth over the long term. The Fund invests in a concentrated selection of international equities, with a small amount in cash.

Total value of the fund	\$27,690,148
Number of members in the fund	6,595
The date the fund started	28 April 2025

What are the risks of investing?¹

Risk indicator for the SBS Wealth Focused Growth Fund:

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at www.sorted.org.nz/tools/investor-profiler.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the past 5 years. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the product disclosure statement (PDS) for more information about the risks associated with investing in this fund.

How has the fund performed?

	Past year
Annual return (after deductions for charges and tax)	24.51%
Annual return (after deductions for charges but before tax)	24.39%
Market index annual return (reflects no deductions for charges and tax)	25.03%

The market index annual return is based on a composite index, calculated using the target investment mix weightings of the underlying market indices that the fund invests into. The benchmark indices used for each asset class are defined in the Statement of Investment Policy and Objectives (SIPO).

Additional information about the market index is available in the SIPO on the offer register (search for SBS Wealth KiwiSaver Scheme) at www.disclose-register.companiesoffice.govt.nz.

What fees are investors charged?

Investors in the SBS Wealth Focused Growth Fund are charged fund charges. In the year to 31 March 2026 these were:

	% of net asset value
Total fund charges (estimated)²	1.21%
<i>Which are made up of -</i>	
Total management and administration charges	1.21%
Including -	
Manager's basic fee	0.98%
Other management and administration charges ²	0.23%
Total performance-based fees	0.00%

Other Charges	Dollar amount per investor
Other charges	\$0.00

The percentage shown for the 'Other management and administration charges' includes an estimate of the fees and expenses incurred in the underlying funds in which the fund invests.

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the 'Other Material Information' document for SBS Wealth KiwiSaver Scheme on the offer register (www.disclose-register.companiesoffice.govt.nz) for more information about those fees.

Small differences in fees and charges can have a big impact on your investment over the long term.

Example of how this applies to an investor

Hayley had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Hayley received a return after fund charges were deducted of \$2,439 (that is 24.39% of her initial \$10,000). This gives Hayley a total return after tax of \$2,451.00 for the year.

What does the fund invest in?

This shows the types of assets that the fund invests in.

Actual investment mix

Target investment mix

Asset type	Allocation
Cash and cash equivalents	2.00%
International equities	98.00%

Further information

You can also obtain this information, the PDS for SBS Wealth KiwiSaver Scheme, and some additional information from the offer register at www.disclose-register.companiesoffice.govt.nz.

Notes

- ¹ As this Fund started on 28 April 2025, five-year actual returns for the Fund are not available. To calculate the risk indicator for the five-year period ending 30 June 2026, market index returns have been used up to 30 April 2025 with actual Fund returns used for the balance of the period. As a result of those market returns, the risk indicator may provide a less reliable indicator of the potential future volatility of the Fund.
- ² This covers expenses incurred in running the Fund (e.g. accounting, audit, and regulatory compliance costs). This also covers the Supervisor's annual fee (for the services it provides) and an estimate of fees and expenses incurred by the underlying funds. Our estimates are made on the basis of reasonable assumptions about the ongoing level of fees and costs expected to be charged (taking into account the actual fees and costs as a percentage of average net asset value that were charged for the most recent scheme year). These fees are deducted from, and reflected in the unit price of the fund.
